LEISTUNGSVIELFALT IN BERATUNG UND SERVICE

# 1 Situation

Idea of project is good, but ...

- Specifications of the EU with this aim of knowledge exchange = a formal structure
- Small participants circle
- short Project duration
- End / continuation of ideas of project not possible or uncertain

## 2 Ideas of Solutions

### A) Cooperation agreement between the EU projects IBI-Net and DISKE

Why?

- Partner-related intersections and similar contents
- Cooperation = networking → project aim of DISKE = being together of use for synergies
- Participants circle increases

# 2 Ideas of Solutions

## B) Foundation of registered association (in German: e. V. = eingetragener Verein)

➤ *Name:*

**NIBA**

- **NETWORK OF INNOVATION CENTRE INTO THE BALTIC SEA AREA E. V.**

➤ *Seat:* Greifswald/Germany

➤ *Intention:*

Building up a union for support knowledge exchange between innovation centres (= technology centres and incubation centres in the baltic sea area)

## 2 Ideas of Solutions

➤ *Tasks:*

Knowledge exchange between innovation centres and enterprises in the region on conferences, business meetings and workshops and information session and educational courses; Putting into action of international large-scale projects

➤ *Members:*

All partners and associated partner of the projects DISKE and IBI-Net as well as all broader technology centres and incubation centres in the baltic sea area

➤ *Financing:*

Membership charges; regional, national or cross border authorities; private organizations; foundations; sponsors

# 2 Ideas of Solutions

## Advantages:

- Transformation of the idea of project of a formal structure into an organizational structure
- Foundation of registered association can be a project goal!
- Huge participant circle
- Ideas of project are continued!
- Cooperation over a longer period!

# 3 Implementation

In 2 Steps:

1. Step:  
LOI between  
IBI-Net and DISKE

The aim is the foundation of an  
organization!

2. Step:  
Foundation of registered association
